## OUR BREATHING APPARATUS CAPABILITY

When in scenarios requiring supplied air, quality equipment is vital to ensure the safety of its users. At FRSA, we pride ourselves on our high quality products provided by our high quality suppliers. In the breathing apparatus scene, we have a long list of products that perform at the highest level and are compliant with all of the Australian and International Standards including AS/NZ, EN and NFPA.

SCBA, Airline BA, CCBA, Self-Rescuers and Breathing Air Compressors are just some of the range of products FRSA can provide in the breathing apparatus scene.

This catalogue provides insight into our range, however our capability extends well beyond this list. For more information on the products in this catalogue or any other products in this discipline, contact FRSA.
