SEARCH AND RESCUE
Catalogue 2025

OUR SEARCH AND RESCUE CAPABILITY

When undertaking search and rescue missions, quality equipment is vital to ensure efficiency and safety. At FRSA, we pride ourselves on our high quality products provided by our high quality suppliers. In these search and rescue scene, we have a long list of products that perform at the highest level and are compliant with all of the Australian and International Standards including AS/NZ, EN and NFPA.

Telemetry products, thermal imaging cameras, water rescue equipment, torches and flares are just some of the range of products FRSA can provide in the search and rescue scene.

This catalogue provides insight into our range, however our capability extends well beyond this list. For more information on the products in this catalogue or any other products in this discipline, contact FRSA.
